

TRACK 12 - CHAIN OF EVENTS [4m18s]

MICHAEL CORRISH

My idea involves actual men in speedos (probably fat hairy ones) doing stunts off diving boards. Judging panel will be watching. Jesus is one of the judges. Still have to figure out an ending.

Content would be a complete contrast to the style. The style is sexy and glamorous (slo-mo shots of man boobs bouncing as they warm up for the dive or belly flop, Jesus and other two judges clapping figurously, almost salivating, strange looking people in audience, maybe some underwater photography.

It's basically a bit of a piss take of the glamour industry with some daftness thrown in.

Think: Beastie Boys meets Aphex Twin meets Michel Gondry

REQUIRED:

3 fat men in speedos; 3 judges (characters from the other videos - so probably a cult leader, an alien, possibly the birdman); a judges table & points cards; swimming pool location (with diving board preferable) - or beach location or outdoor pool; audience (possibly 10-15 people); bucket of water to soak the front row of the audience; towels; paddling pool & slide; fat kid & 2 mates in speedos; someone's back garden

Possibly 2 days shoot, one for pool & one for kids in garden. 2 camera shoot would be good to capture the pool splashes from a couple of different angles.
